Aircell/GoGo	ST 3100 SATCOM One-Channel Iridium Satellite Telecommunication System Handset	400-10038-00X Standard Cradle Assembly w/RJ11/45	All work is limited to the removal & installation, functional check, and/or troubleshooting of equipment, wiring, and electrical system components on aircraft in accordance with the methods, techniques, and practices prescribed in the manufacturer's specifications, FAA Approved Data and/or FAA Acceptable Data (DER).
Aircell/GoGo	ST 3100 SATCOM One-Channel Iridium Satellite Telecommunication System Handset	P12199-00X Flush-Mount Handset and Cradle	All work is limited to the removal & installation, functional check, and/or troubleshooting of equipment, wiring, and electrical system components on aircraft in accordance with the methods, techniques, and practices prescribed in the manufacturer's specifications, FAA Approved Data and/or FAA Acceptable Data (DER).
Aircell/GoGo	ST 3100 SATCOM One-Channel Iridium Satellite Telecommunication System Handset	P12201-00X Custom Retractable Handset and Retractable Cord	All work is limited to the removal & installation, functional check, and/or troubleshooting of equipment, wiring, and electrical system components on aircraft in accordance with the methods, techniques, and practices prescribed in the manufacturer's specifications, FAA Approved Data and/or FAA Acceptable Data (DER).
Aircell/GoGo	ST 3100 SATCOM One-Channel Iridium Satellite Telecommunication System Handset	400-10047-00X Plain Cradle Assembly	All work is limited to the removal & installation, functional check, and/or troubleshooting of equipment, wiring, and electrical system components on aircraft in accordance with the methods, techniques, and practices prescribed in the manufacturer's specifications, FAA Approved Data and/or FAA Acceptable Data (DER).
Aircell/GoGo	ST 3100 SATCOM One-Channel Iridium Satellite Telecommunication System Handset	P12200-00X Portable Coildcord Handset	All work is limited to the removal & installation, functional check, and/or troubleshooting of equipment, wiring, and electrical system components on aircraft in accordance with the methods, techniques, and practices prescribed in the manufacturer's specifications, FAA Approved Data and/or FAA Acceptable Data (DER).
Aircell/GoGo	ST 3100 SATCOM One-Channel Iridium Satellite Telecommunication System Handset	310-10590-00X Cordless Handset	All work is limited to the removal & installation, functional check, and/or troubleshooting of equipment, wiring, and electrical system components on aircraft in accordance with the methods, techniques, and practices prescribed in the manufacturer's specifications, FAA Approved Data and/or FAA Acceptable Data (DER).
Aircell/GoGo	ST 3100 SATCOM One-Channel Iridium Satellite Telecommunication System Handset	310-10595-00X Cordless Base Cradle	All work is limited to the removal & installation, functional check, and/or troubleshooting of equipment, wiring, and electrical system components on aircraft in accordance with the methods, techniques, and practices prescribed in the manufacturer's specifications, FAA Approved Data and/or FAA Acceptable Data (DER).
